

Fire Safety Essentials

NEW ONLINE TRAINING

This is an e-learning course.
Registration on this course will last 12 months.

£17 + VAT per delegate

Brief Overview of Course

This course addresses the importance of fire safety and will help you recognise and reduce workplace fire hazards. We'll explore the steps to follow if a fire breaks out, and look at some of the equipment required under fire regulations.

By the end of the course you should be able to:

- Understand employers' responsibilities under fire safety law
- Prevent fires by using the fire triangle theory
- Identify fire safety signs and appreciate the importance of knowing where they are in your workplace
- Identify fire safety equipment and understand how it should be used
- Recognise the need to periodically check fire safety procedures

Carry out the fire safety procedures in place in your organization.

This online course takes 35 minutes to complete.

To Book: Complete the standard EALC booking form and send to **training@ealc.gov.uk** who will then register you with Nimble. Once processed you will receive joining instructions and your Council will then be issued with an invoice.
