

HUMAN FACTORS ESSENTIALS

NEW ONLINE TRAINING

This is an e-learning course.
Registration on this course will last 12 months.

£17 + VAT per delegate

Brief Overview of Course

During this course it will highlight the type of human errors that can occur, explore the traps that most of us fall into, and look at how we can manage situations to reduce error in the future.

This course helps you understand types of human error and provides guidance on how to recognise and manage 'error traps'. You'll also gain an awareness of the Human Performance (HuP) tools that can help mitigate any error traps which can't be removed.

By the end of this course, you should be able to:

- Understand the main types of errors that humans make
- Identify key workplace error traps in order to remove or manage them

Recognise which Human Performance (HuP) tools can be used to mitigate error traps that can't be removed

This online course takes 45 minutes to complete.

To Book: Complete the standard EALC booking form and send to **training@ealc.gov.uk** who will then register you with Nimble. Once processed you will receive joining instructions and your Council will then be issued with an invoice.
