

Infection Control Essentials

NEW ONLINE TRAINING

This is an e-learning course.
Registration on this course will last 12 months.

£17 + VAT per delegate

Brief Overview of Course

This course aims to increase awareness about how we get ill, and equip you with simple behaviors and methods that can help you prevent or manage infections.

By the end of the course, you should be able to:

- Describe common pathogens and the types of infections they cause
- Explain the ways in which pathogens can spread between people
- Identify and take measures to protect those most at risk from infection

Apply simple infection control methods to reduce the spread of infection in the workplace and beyond.

This course takes 35 minutes to complete.

To Book: Complete the standard EALC booking form and send to **training@ealc.gov.uk** who will then register you with Nimble. Once processed you will receive joining instructions and your Council will then be issued with an invoice.
