

Introduction to Planning

NEW ONLINE TRAINING

This is an e-learning course.
Registration on this course will last 12 months.

Brief Overview of Course

This module will provide a simple introduction to the topic; not everything can be covered and attending a full training event is recommended to get a complete understanding. We therefore recommend our Introduction to Planning Briefing be attended after completing this module. Dates for the briefings can be found on the 2025 Training Calendar. This course would be however excellent preparation before attending.

Following Topics will be covered:

- What is planning?
- Role of the Parish Council
- What is controlled by planning
- Types of planning applications
- Material & non-material planning considerations
- The parish council recommendation
- Planning conditions
